Greatest Chance of Your Life

To You! Rent Payer and Wage Earner

Of the City of Bridgeport. Fortune is knocking at your door. What you have been looking and waiting for all your lifetime is right here NOW, and we know you are not going to let it pass by and live forever the subject and the slave to the Landlord. You can get out of the rut with a \$5 or \$10 bill. You can get away from handing money over monthly to someone when you should be paying for shingles on your own roof. We want to help you. We can help you. We will help you. But you must try and help yourself a little bit. We ask of you to pay down but a few dollars and try to hand us each month what you spend foolishly and extravagantly. The amount we ask of you can be paid easily whichever way you want—weekly or monthly—and when the month comes around do the best you can—pay what you can, and all you can. It will be satisfactory to us and when you are out of work or sick or have reverses we will give you Three Months' Grace to Make Any Monthly Payment—Longer if necessary. You have nothing to lose—you have everything to win with this proposition handed to you now. Where is the man in the City of Bridgeport who cannot handle Two or Four Lots, upon which within five years you will be building your own Home and putting money in your own trunk instead of trying to fill the trunk of the man who now owns the house you live in, and are paying 10 to 20 per cent on his investment and liable to get notice any day of an increased rent, or move out. Husbands and Wives, this is common sense. Today or Tomorrow hasten to the property and clinch Two or Four Lots and start a new life and a foundation for a Home.

Every lot less than one-half the price of property two to two and a half miles further put in the direction of Fairfield or Stratford—a profit of \$200 in every lot now to the investor, and we know and believe there is not a lot on the entire tract but what must and will double this money before another year. It is easily proven. It needs no argument. You know that lots could have been bought two or three years ago in the vicinity of Remington City for \$200 or \$300. Today they are worth from \$1,000 to \$2,000. The same you can apply to North Main Street, around St. Vincent's hospital. The same you can apply around and near Fairfield, and if you have the nerve and courage now to put a few dollars here in North Bridgeport you will make the money yield the same as those who invested in the other localities.

The following officers were elected: Most Puissant Grand Master, E. Allen Bidwell, Norwich; Deputy Puissant Grand Master, Thomas M. Barnes, Bridgeport; Grand Treasurer, Isaiah Baker, Jr., Hartford; Grand Recorder, James McCormick, Windsor.

Hold Man Who Kept Largest St. Bernard Dog For Ransom

Harry Campbell, a machinist employed by the Crane company, living at 86 Adams street, is held by the police on a charge of attempted extortion proffered by Mrs. Robert Peters, wife of a River street cafe proprietor, and owner of the largest St. Bernard dog in the city. According to Mrs. Peters, "Rover," the dog, likes to wander but always returns home safely. Last week he did not return at the accustomed time and an advertisement appeared in the lost columns of local newspapers. It is alleged by Mrs. Peters that Harry Campbell later appeared in the cafe and said the dog was held in the country for a \$5 ransom. This was refused and it is further alleged that threats to poison the dog were made by Campbell and another companion not yet apprehended.

Yesterday Campbell is said to have telephoned Mr. Peters that unless the \$5 was paid this morning the dog would be dead by nightfall. The police were communicated with, and Dog and Liquor Agent John M. Brown went with Mrs. Peters to 86 Adams street. Mrs. Peters went inside and took the dog on a leash. She was followed into the street by Campbell who demanded \$5. Policeman Brown then arrested Campbell.

Rover, the dog, is nearly the size of an ordinary calf, and weighs 154 pounds.
